the essays in this volume offer a groundbreaking comparative analysis of religious education and state policies towards religious education in seven different countries and in the european union as a whole they pose a crucial question can religious education contribute to a shared public sphere and foster solidarity across different ethnic and religious communities in many traditional societies and even in what are largely secular european societies our place in creation the meaning of good and evil and the definition of the good life virtue and moral action are all primarily addressed in religious terms it is in fact hard to come to grips with these issues without recourse to religious language traditions and frames of reference yet religious languages and identities divide as much as unite and provide a site of contestation and strife as much as a sense of peace and belonging not surprisingly different countries approach religious education in dramatically different ways religious education and the challenge of pluralism addresses a pervasive problem how can religious education provide a framework of meaning replete with its language of inclusion and community without at the same time drawing borders and so excluding certain individuals and communities from its terms of collective membership and belonging the authors offer in depth analysis of such pluralistic countries as bulgaria israel malaysia and turkey as well as cyprus a country split along lines of ethno religious difference they also examine the connection between religious education and the terms of citizenship in the eu france and the usa illuminating the challenges of educating our citizenry in an age of religious resurgence and global politics

this book provides a unified account of the connection between justice and the good life it argues that the virtues of character require institutions while good institutions enable persons to live together virtuously although virtue ethics and political philosophy are rich and sophisticated philosophical traditions there has been an unfortunate divergence in theory and practice between the virtues of character and the virtues of institutions this book has two primary purposes first it reorients political philosophy around the concept of the

good life to do so the author addresses the problem of political authority from a virtue ethics perspective he also considers whether a political theory oriented around the good life is compatible with Rawls's notion of reasonable pluralism second the book explains the relationship between the virtues of institutions and the virtues of character the author shows how institutions support the development and exercise of the virtues of character while examining specific other regarding virtues such as justice and friendship the authority of virtue will appeal to scholars and advanced students working in virtue ethics social and political philosophy ancient philosophy and political theory
